Name: Alex Zhang

Email: alex.zhang@example.com

Education: * **Johns Hopkins University**, MS in Data Science (Expected 2026)

- Relevant Coursework: Machine Learning, Big Data Systems, Statistical Inference.

Skills: * **Programming:** Python (NumPy, Pandas, PyTorch), SQL, R.

- **Tools:** Docker, Git, Ollama, Scikit-learn.
- **Concepts:** Regression, Neural Networks, Natural Language Processing.

Work Experience: * **Data Science Intern | Tech Analytics Corp** (June 2025 – August 2025)

* Developed a predictive model using Random Forest to improve customer retention by 15%.

* Cleaned and pre-processed large datasets (over 1M rows) using Python.

- **Research Assistant | JHU NLP Lab** (Sept 2024 – Present)
  - Assisting in fine-tuning Large Language Models for medical text summarization.
